

Our commitment to servicing our customers with quality product at competitive price and on-time delivery is backed by our continued investment in our equipment. Our employees and in our systems . ABIS is a full service molding that a 12 000 square foot facility housing our molding department in-housing mold making , quality control. Warehousing secondary operations and offices , If we find a client's product concept would be too costly to manufacture . We will assist the customer in designing parts that not only can be manufacture but one that can be made cost-effectively from prototype to production. With our extensive experience we are confident . We have the solution to your next injection molding application.

Product Description

Part Name	OEM customized plastic injection blow mold manufacturer
Description	Household Appliance
Country of Original	ShenZhen, China (Mainland)
Brand Name	ABIS
Lead Time	30-45 Days

Payment Terms

1. T/T: 40% Deposit,30% upon T1 Sample,30% Balance before shipment
2. L/C: irrevocable 100% L/C at sight.

General Information

Item#	Item	Description
1	Product Name	OEM customized plastic injection blow mold manufacturer
2	Mold base	LKM,HASCO,DME
3	MOQ	1 Sets
4	Mold cavity	Single-cavity/Muti-cavity
5	Finish	Anodized,Polish,Silk-screen,Painting,etc
6	Product Material	PC,PA,ABS,PVC,PA66,TPE,SAN,POM.etc
7	CNC tolerance	0.001 to 0.005 mm

8	Design software	UG,PROE,CAD,SOLIDWORK
9	Shaping Mode	Punching Mold
10	Mold life	500,000 shots
11	Lead time	30-45Days
12	Transportation	By sea, by air or by land as you request
13	Package	According to clients requirement
14	Sprue gate	Submarie gate,side/edge gate

Processing Equipment

NAME OF MACHINE	BRAND	Q'TY	PLACE OF ORIGIN
CNC	DMG	1	Germany

Company

Information

ABIS was founded in Shenzhen China, adjacent to Hong Kong, in 1996, has its own factory of 12,000 square meters. With the advanced facilities from Germany, Swiss and Japan, and a highly experienced design and engineering team, ABIS builds multi-cavity molds to exacting tolerances, providing the critical structural foundation for leading manufacturing companies to produce high precision mold.

- ABIS Mold which engaged in :
1. Cold&Hot Runner/ Single&Multi-Cavity-Injection moulding
 2. Single&Multi-Shot
 3. Die Cast-Aluminum&Zinc
 4. Inserting Mold
 5. Overmolding
 6. Prototype Tooling
 7. Mass Production

ABIS applies advanced software for mold design-Auto CAD, UG, Solid works and ProE etc. So far, ABIS has received the "ISO 9001" ,"ROHS" green, SGS certificate.

Certification

BEIJING HANGXIE CERTIFICATION CENTER OF
**QUALITY MANAGEMENT SYSTEMS
 CERTIFICATION**
 ABIS MOLD TECHNOLOGY(HK)CO.,LTD.

Organization Code: 55388449-1
 No.107, Building B, Ying Keli Industry Area, Longgang District, Shenzhen, China. P.R.C.

is in conformity with
GB/T19001-2008 (ISO9001:2008)
This certificate is covering the following product scope
Plastic Mold Development and Manufacturing; Plastic Products
 (Not include the Products With Administrative Licenses)
 Registration No. 03415Q20263R0M
 The Duration of Validity Feb . 10, 2015—Feb . 09, 2018

MANAGEMENT SYSTEM

BEIJING HANGXIE
 CERTIFICATION CENTER

After this certificate is issued, there should be at least 2 surveillance audits within the 3 year period of validity of the certificate can be checked on (www.hkxqc.com.cn) The certificate information is available on the official website of the National Certification and Accreditation Administrator (www.cnca.gov.cn) It is also available by scanning the two-dimensional code at the bottom right corner.

Address : NO.7 Jingshun Road, Chaoyang District, Beijing, China.

Certificate

Certificate No.: 114

This is to certify that the Occupational Health and Safety Management System of
**SHENZHEN ABIS PRECISION HARD
 PLASTIC CO., LTD.**
 Unified Social Credit Code: 91440300553884491N
 Registered/Production/Office Address: Yingkeli Industrial District B Building No. 102, Shuanglong Community, Longgang Street, Longgang District, Guangdong Province, China
 Sales Address: Yingkeli Industrial District C Building 1/F, Shaocui Village, Longgang District, Longgang District, Shenzhen, Guangdong Province, China
 Has been audited to conform to the following Occupational Health and Safety Management System standard
GB/T 28001-2011 idt OHSAS 18001
 This Occupational Health and Safety Management System is used for the
 Development and production of plastic mould; sale of plastic parts and related Occupational health and safety management activities of involved sites

Initial issued date: May, 15, 2017
 Date of issue: May, 15, 2017
 Date of expiry: May, 15, 2020

Issued by: *Wu Fengxi*
 Beijing East Allreach Certification Center

The certificate will remain valid only if the certified organization accepts surveillance audits at regular intervals and is entitled to be audited. Please notify the surveillance audit undertaker work on the designated position of the certificate. The information of this certificate is available at EACC website (www.eacc.com.cn) and CNCA website (www.cnca.gov.cn).
 EACC address: Floor 11, 111 building, No. 17 Jingshun Road, Chaoyang District, Beijing, China. Telephone: 010-64601111

QC Control

Mold Making QC main steps

Mould Design Control : Design review checklist before submitting to the customer. We will not start the steel purchasing work until get your written approval on our mold drawing.

Incoming quality control: all steel material and outsourcing standard components will be checked to ensure that they are in accordance with the BOM(QTY and material/components name specified).

In process quality control: all the machining and assembling process is under control, we have QC team to check and supervise the tolerance and processed surface to satisfy the requirements. (Mould Steel Hardness Inspection, Mould Electrodes Inspection, Mould Core and Cavity Steel Dimension Inspection , Mould Pre-Assembly Inspection)

Final quality control: within 3 days the completion of the plastic mold, we will have a thorough check for the main size of the molded plastic sample and mold to ensure that the critical or full dimension (if required) are within tolerance.

Mould Pre-Shipment Final Inspection : Free-fumigation three-plywood case packing; make sure the mold is conformity to the approved mold drawing. The spare components and easily broken components and the electrode (if required) are packaged, as well as the mold drawing and some certificated.

Plastic Molding QC main steps

Vernier caliper measurement is performed by trained operators when the first product is produced on our machine, we check the contour dimension and assembly status (if exist) to identify if any

The molded parts are then inspected again by experienced QA department for the full dimension, especially the critical dimensions set by customer. If quality result was recorded at the same time. Result will be to our QC Supervisor directly. If unqualified dimensions (if exist) are caused by uncontrolled factors or our mistakes and we will take the related actions to improve it.

We will trustily report the T1 result to customer and send T1 samples to customers for checking. Sometimes T1 samples need improvement. If more samples are required by customer at first, we will take actions to improve the mold to make sure the parts have 0 defects. No shrinkage, warpage, flash, streak, air bubble, step line, ejector mark, and dimension within tolerance.

Package inspection: make sure QTY/color and weight are correct.

Packaging & Shipping

Our ABIS Family

- Why choose us?:
1. More than 20-years experience.
 2. ISO9001:2008 certificated.
 3. Competitive price with high quality.
 4. More than 50 machines support to run the business.
 5. Custom R&D program coordination.
 6. Expert technicians.
 8. Diligent and loyal workforce.
 9. Up-to-date software.
 10. International standards, SAY, HASCO, DME, MISUMI, etc
 11. Well-rounded after service.

FAQ

Q:How can you confirm the plastic injection mold you produce is the one we need?

A: we can provide professional mold analysis reports before mold making .

Q:What can we do if we don't have the mold drawing ?

A: you will only provide the actual sample to us then we can help you to make the design injection mold drawings for your confirmation

Q:Can we test the plastic injection mold?

A:after the mold is ok ,we can help you to test the mold for free.

Q:Can you process the die-casting parts of injection mold?

A: We can help to process die-casting parts for small run or mass production.

Q:What about the plastic products samples are wrong?

A: if you are not satisfied with the plastic sample, we can send the sample to you again for free.
